## EXPERIENCE

**ROYC** Stockholm, Sweden
Private markets infrastructure for wealth & asset managers
***Design Engineer*** Aug 2026 - Present

- Design and build product features for a **B2B private markets platform,** from problem framing and Figma to production frontend code.
- Maintain and extend the Figma **design system and its coded components**, keeping design and code in sync.
- Ship **frontend work** through GitHub (pull requests, code review) and use AI tools like **Claude** across my design and development workflow.
- Work closely with product and engineering to shape new features, balancing user needs with technical constraints.

**PRIDECOM** Madrid, Spain
Employer branding and internal communication consultancy
***Graduation Intern (Full Stack & UX)*** Feb 2024 - Jun 2024

- Led end-to-end design and development of an **enterprise-style platform** for SMBs, from research to deployment.
- Designed **user flows**, **interaction patterns**, information architecture, wireframes, and high-fidelity UI in Figma, and conducted user interviews and usability tests to validate workflows across diverse user needs.
- Built a full-stack application using Python, Flask, PostgreSQL, and Bootstrap, ensuring scalable structure and maintainable logic.

**EXTRA NICE** Leeuwarden, Netherlands
Independent game development studio
***UX Intern*** Feb 2023 - Jun 2023

- Designed and prototyped interaction systems in Unity (C#) and ran usability tests to evaluate playability.

## EDUCATION

**KTH, ROYAL INSTITUTE OF TECHNOLOGY** Stockholm, Sweden
*MSc Interactive Media Technology* Sep 2024 - Jun 2026

- Thesis on an AI plug-in for designers, exploring **AI-supported design decision-making** rather than automation.
- Coursework: Interaction Design & Prototyping, Frontend Development, Usability Testing & Evaluation.
- Vice Project Manager, STUDS 2024: coordinated collaborations with **12+ IT companies**, managing stakeholder communication and event execution.
- Exchange semester at McMaster University (Canada).

**HANZE UNIVERSITY OF APPLIED SCIENCES** Groningen, Netherlands
*Bachelor of Engineering in Communication & Multimedia Design* Sep 2020 - Jun 2024

- Honours Program (30 ECTS).
- Coursework: UX/UI Design, **Information Architecture**, Interaction Design, Programming, Digital Product Development.
- Project Engineer for SELFLEX: developed a self-regulation digital platform with an external client.
- Exchange semester at Hochschule der Medien Stuttgart (Germany) – Game Programming (C++).

## SKILLS & TOOLS

- **Design:** Figma · Information Architecture · Interaction Design · User Testing · Design Systems · Prototyping
- **Frontend:** HTML · CSS/SCSS · JavaScript · TypeScript · React · Next.js · Tailwind CSS · Framer Motion
- **Backend:** Python · SQL · C# · Express · Firebase · MongoDB · PostgreSQL
- **Tools:** VS Code · Git · Claude ·Node.js · Docker · Illustrator · Photoshop
- **Languages:** Spanish (Native) · English (C2) · German (A2)
